

SAI PRANEETH NAGAMALLI

Mobile Application Developer | Operations

saipraneeth.nagamalli21@gmail.com | Hyderabad, India | [LinkedIn](#) | [Photography \(Instagram\)](#)

SUMMARY

Mobile Application Developer and Operations team member at a ride-hailing startup in Hyderabad, working on Flutter apps for Android and iOS, debugging the Laravel backend, and handling driver-partner onboarding and document verification. Earlier experience in digital marketing, including Meta ads, B2B email campaigns, and SEO. Photographer since 2019.

SKILLS

Mobile and Backend: Flutter, Dart, Laravel, Firebase, job queues, push notifications, Git, GitHub

Languages: Dart, Python

Familiar with: PHP, MySQL, PostgreSQL, FastAPI, Postman, Java

Operations: Driver-partner onboarding, document verification, lead follow-up and conversion, issue resolution, cross-team coordination

Marketing: Meta Ads, social media, email campaigns (SendGrid), SEO, Google Search Console, Google Analytics, WordPress

EXPERIENCE

Zippintella Pvt. Ltd.

Feb 2026 – Present

Mobile Application Developer and Operations (Jun 2026 – Present)

- Develop and maintain Flutter apps for Android and iOS; worked on a bike ride-hailing app and a school bus transportation app.
- Debug the Laravel backend, resolving issues across job queues, push notifications, APIs, and the database.
- Manage GitHub repositories across four Flutter codebases (Driver and User apps for Android and iOS).
- Set up and maintain a Telegram ride-alert bot that keeps the operations team updated on ride activity.
- Verify driver-partner (Shero) documents during onboarding, including driving licence, Aadhaar, vehicle RC, and background checks.
- Handle customer and Shero onboarding, lead follow-ups, and issue resolution, coordinating across teams.

Operations & Community Engagement Intern (Feb 2026 – Jun 2026)

- Verified driver-partner documents during onboarding and supported Shero onboarding.
- Ran Meta ads and managed Zippi's Instagram, growing followers from about 100 to 600; created reels, flyers, and promotional videos.

CloudQA

2025 – 2026

Digital Marketer (Freelance)

- Ran 5 targeted B2B email campaigns on SendGrid with a 40% open rate; managed Google Search Console and optimized WordPress landing pages for SEO.

Prophecious Technologies

2023 – 2024

Digital Marketing Intern

- Supported lead-generation campaigns, did keyword research, and maintained website content on WordPress.

PROJECTS

Event Photo Face-Search Platform (personal project, in progress)

- Guests take a selfie and the system finds every event photo they appear in. Studios bulk-upload photos; a pipeline detects faces, creates embeddings, and indexes them for search.
- Built with Python, FastAPI, PostgreSQL, InsightFace, FAISS, and AWS S3.

EDUCATION

B.Tech, Electrical and Electronics Engineering, Anurag University

2020 – 2024

Intermediate, Sri Chaitanya Junior College

2018 – 2020

CERTIFICATIONS AND ACTIVITIES

- Python Programming – GUVI (recognized by Google); Data Structures – Verzo; Java Programming – Skill Vertex
- Photographer (Pixel Photography) since 2019; led the Daksha 2K23 university photography team; runner-up, inter-college photography competition

LANGUAGES

English, Telugu, Hindi
